I understand the Environmental S-Drive collates personal data and digitised bio-information data from hair follicles and sends this to a Bio-Information Assessment Centre in Germany.

Your information will not be shared with a third party.

I understand to complete this test that several strands of hair will need to be removed from the nape of my neck [including roots] by a third party. OR

I wish to remove my own hair

I understand that the indicators provided by the Environmental S-Drive system are derived from intensities in the person's bio-field and as such are not recognized by the FDA as a physical measure of any deficiency, toxicity, immune malfunction, allergy/intolerance or cellular disturbance. The information is provided for general purposes and it is not intended to form the basis of a diagnosis or for recommending product to treat or cure any illness.

I accept responsibility for any changes that I make to my diet and nutritional plan and if in doubt I can consult a health care professional.

I am interested in receiving emails for support with the 90 day Optimise Naturally Coaching Program.

Mailing Hair Follicles Safely

1. Fold a sheet of clean, unused, printer paper so that it will fit in a standard size envelope making sure the creases are sharp.
2. With clean tweezers PLUCK 4-5 strands of hair INCLUDING ROOTS either from the nape of the neck or the line of hair at the top of the forehead. (Hair with no perms or dyes in at least 3 weeks are ideal and unwashed for 2 days is best).
3. Place hairs with the follicles intact in the crease of the paper folded earlier. [Do not touch the hair except with clean tweezers]
4. COVER COMPLETELY the paper containing the hair follicles with a sheet of aluminium foil. NOTE: All post offices use scanners so the foil stops damage to the information within the hair follicles.
5. Please contact us **PO Box 352**

Bundaberg Qld. 4670

6. Once the sample is received, a Wellness Advocate will contact you for Credit Card Payment - OR you can Direct Deposit. Cost per report or use Promo Code if applicable.
7. Your 90 day OPTIMISE NATURALLY COACHING PROGRAM includes a PHONE consultation with your Wellness Advocate and ongoing support. Another test is recommended after 90days to see how you have progressed through OPTIMISING NATURALLY.
